

TECHNICAL DATA

AIR
100l/m

VOLTAGE
400 Volt 50 - 60 Hz

POWER
6kw

SIZE
3,60 X 2,00 X 3,00 mt

WORKING AREA
3,10 X 1,10 mt

WEIGHT
1500Kg

Michelangelo Avant presents a cutting-edge system based on the quality, reliability and efficiency of used materials. The cutting head is equipped with 7 tools: blade, marker, pen and 4 dies. The mechanical transmission is made by gear-rack and ball screws which guarantee the maximum precision and durability. **Michelangelo Avant** allows to operate continuously on the full working table without

SIMPLE AND INTUITIVE MANAGEMENT

distinguishing the cutting areas. This thanks to the characteristic vacuum system that locks the material.

The direct projection is very efficient. It shows a clear and bright view on the worktop.

The new user interface as well as the new machine management software, make the operator's job intuitive and highly performing.

HIGH QUALITY IN LEATHER CUT
